

NEW PRODUCT RELEASE

For immediate release: October 15, 2009

ILG (International Laser Group) Releases DELL 2335 high-yield, compatible Laser cartridge for use in DELL 2335dn printer.

WOODLAND HILLS, Calif. — **ILG** (International Laser Group), is proud to release DELL 2335 compatible high-yield laser printer cartridges for use in DELL 2335dn.

The compatible DELL 2335 Laser Cartridges from ILG offers a high-yield of 6,000 pages, with toner management computer chip system matching the OEM specifications. ILG is the first to market this popular DELL 2335 compatible for the multi-functional DELL printer. Along with this new release, we have a full line of DELL compatibles as well as award winning colors and monochromes.

“We are pleased to offer DELL 2335 compatibles. ILG is proud to offer these popular OEM compatibles. Our engineers have worked hard to manufacturer the highest-quality OEM alternatives. ILG’s superior color technology matches the OEM equivalents for page yield and print quality,” said Joe Shulman, Sr. V.P. of operations and sales.

Each and every ILG printer cartridge is quality tested and engineered to produce the highest quality image density, and is 100% guaranteed. Each toner is meticulously analyzed for print quality, consistency, yield and performance from start to finish.

Founded in 1988, International Laser Group, ILG offers a comprehensive selection of high-quality compatible cartridges including toner, MICR toner, thermal transfer products and inkjets. ILG manufactures more than 350 SKUs and is one of the world’s top private-label, contract manufacturers and distributors of compatible imaging supplies. Located in Woodland Hills, CA and they operate three additional distribution facilities Illinois, Texas and Pennsylvania enabling us to offer next day delivery.
