

NEW PRODUCT RELEASE

For immediate release: February 18, 2010

ILG Releases OEM Alternative Color Toner Cartridges for DELL 3110cn/3115cn Multi-Functional Color Printer.

WOODLAND HILLS, Calif. — **ILG** (International Laser Group) releases **Dell 3110cn/3115cn** compatible toner cartridges to its line of Dell color laser toners; **PG310-8093** (Blk), with 5,000 page yield, **PG310-8095** (Cyan), **PG310-8097** (Magenta), and **PG310-8099** (yellow) with 4,000 page yield. ILG's premium quality toners are tested to assure that each cartridge produces excellent color quality imaging, and sharp high-density print results.

The multi-functional Dell 3110cn/3115cn offers 31 ppm in black and 17 ppm in color output. This 4 in 1 combination of printer, copier, fax and scanner functions produces 600 x 600 dpi quality print results. ILG offers an extensive line of Dell and other quality OEM alternative products in monochromes and color. Our 500 SKU's of in-depth product lines, including 160 SKU's of color products, are available for next day delivery through our 4 strategically placed distribution centers.

Each and every ILG printer cartridge is 100% guaranteed. We test print over 3 million pages per month, and conduct multiple pre and post production tests as part of our quality assurance program.

ILG is one of the world's top private-label contract manufacturers and distributors of quality OEM alternative imaging supplies. ILG is located in Woodland Hills, CA. We operate three additional distribution facilities in Illinois, Texas and Pennsylvania enabling us to offer next day delivery.
