

## **ILG Releases Two New JUMBO Toners, CB435X and CB436X, Expanding Its Alternative Line of High-Yield Jumbo Toner Products**

**WOODLAND HILLS, Calif.** — **ILG** (International Laser Group) releases two new JUMBO Toners **CB435X** and **CB436X** compatible to its line of high-yield toner cartridges. The CB435X is for use in the monochrome HP Laserjet™ printer series P1002/1003/1004/1005/1006/1009. ILG's quality alternative CB435X toner delivers a 20% higher-yield of 1800 pages compared to OEM 1500 page yield. The CB436X compatible toner also delivers a 20% higher page yield of 2400 pages. The CB436X is for use in the HP Laserjet™ P1505/M1522 printers; both cartridges offer the high quality print performance you would expect from ILG.

ILG is the only company in the world to offer an extensive line of high-yield JUMBO COLOR™ products. The Jumbo toners in monochrome and color offers 20%-50% higher page yield, with the same quality manufacturing standard of ILG's American made products. Jumbo Colors™ are designed for HP printer series: 3600, 3800, 4600, 4700. Jumbo yield cartridges reduce the MPS per page cost substantially, especially when factoring in the time savings.

"We are truly unique and proud to offer such an in-depth line of Jumbo Toners and Jumbo Color Toners. MPS providers, resellers, and dealers can benefit and prosper from our competitively priced, American made quality products. We offer private labeling, next day delivery and drop shipment to our clients. We are here to provide the top quality products to help grow our clients' business." Said Joe Shulman, V.P. of sales and operations.

Founded in 1988, ILG is one of the world's top private-label contract manufacturers and distributors of compatible imaging supplies. Located in Woodland Hills, CA, ILG operates three additional distribution facilities in Illinois, Texas and Pennsylvania enabling us to offer next day delivery.
