First-to-Market ILG Releases OEM Alternative Color Print Cartridges and Drums for HP CP6015, CM6030, CM6040 Series Printers

WOODLAND HILLS, Calif. — **ILG** (International Laser Group) adds OEM alternative color cartridges and print drums for **HP CP6015, CM6030, CM6040 Series Printers: CB380A*** (Blk toner), with a 16,500 page yield; **CB381A** (Cyan toner), with a 21,000 page yield; **CB382A** (Yellow toner) with 21,000 page yield; **CB383A** (Magenta toner), with a 21,000 page yield; **CB384A** (Blk drum), with a 35,000 page yield; **CB385A** (Cyan drum), with a 35,000 page yield; **CB386A** (Yellow drum) with a 35,000 page yield; **CB387A** (Magenta drum), with a 35,000 page yield. These additions bring ILG's OEM alternative color SKU count for HP products to over 95.

The HP CP6015 series printers are among HP's top-performing color laser printers for small to medium sized businesses. These top wide-format printers allow you print material up to 12" x 18" and banners up to 12" x 36". The HP CM6030/CM6040 multifunction printer series is designed for large workgroups and offers efficient workflow features.

ILG offers an extensive line of HP and other quality OEM alternative products in both monochrome and color. ILG's premium quality toners are 100% guaranteed. Each and every ILG printer cartridge is tested to ensure excellent color quality imaging and sharp high-density print results. We test print over 3 million pages per month and conduct multiple pre and post production tests as part of our quality assurance program.

ILG's in-depth product lines consist of more than 550 SKUs (including 165 SKUs of color product). ILG offers next-day delivery through our 4 strategically placed distribution centers. ILG is also one of the world's top private-label contract manufacturers and distributors of quality OEM alternative imaging supplies. ILG headquarters is located in Woodland Hills, CA.
