

International Laser Group (ILG) Releases HP 4345mfp Cartridges

April 1, 2005

WOODLAND HILLS, Calif. – International Laser Group

International Laser Group (ILG) announced in March the release of its compatible Q5945A and Q5945X cartridges for the new multifunction LaserJet 4345mfp Series printers released by HP earlier this year.

Swift to market as always, the industry-leading manufacturer of premium compatible imaging supplies says it never sacrifices quality. "We won't release a new cartridge until we know we can offer a consistently superior product," said Gary Michaels, ILG's founder and CEO, "We test every single cartridge against OEM standards before we allow it to leave our facility."

Since the company's creation in 1988, ILG has grown into a World Class private-label contract remanufacturer, with a reputation for the highest quality products and customer satisfaction offering exceptional pricing and delivery.
