

International Laser Group (ILG) Expands Onsite Color Center

May 2, 2005

WOODLAND HILLS, Calif. – International Laser Group

International Laser Group (ILG) announced today that overwhelming demand for their recently introduced color cartridges has forced the company to expand its manufacturing facility. The new building will add 38,000 sq.ft. for production lines and warehouse space, and will be dedicated to meeting the high-demand for color toner cartridges like the HP-compatible 1500, 2500, 4500, 4600, 5500, 8500 and 9500.

“We’re thrilled with the success of our new line of color cartridges,” says Gary Michaels, ILG’s Founder and CEO. “We had no idea that we would have to expand our Onsite Color Center so soon. Our color cartridge sales are skyrocketing.”

Since the company’s creation in 1988, International Laser Group has become one of the world’s top private-label, contract manufacturers and distributors of compatible printer and fax cartridges. With strategically located warehouse and distribution centers throughout the United States, ILG is able to offer Next-Day Delivery anywhere in the nation.
