

## **International Laser Group (ILG) Compatible Q5949A Cartridges In-Stock**

*September 1, 2005*

WOODLAND HILLS, Calif. – International Laser Group

International Laser Group (ILG), the industry-leading manufacturer of premium compatible imaging supplies, is pleased to announce their compatible Q5949A cartridge is in-stock and ready to ship.

“Most supplies manufacturers have been unable to keep up with demand for this popular cartridge. We’re happy to report that ILG has been successful in keeping our Q5949A cartridges consistently in-stock since we first introduced them in April of this year,” notes Joe Shulman, COO.

As always, ILG backs these cartridges with their legendary 5-Star Warranty. ILG cartridges produce crisp copy and smooth greyscale transitions on every print. They are always guaranteed to perform as well, or better than, cartridges from the printer’s manufacturer.

Since 1989, ILG has earned a reputation for manufacturing superior-quality compatible imaging supplies. They offer a huge selection of Laser Toner Cartridges, MICR Toner Cartridges, Inkjet Cartridges and Thermal Transfer products for all the most popular printers and fax machines. ILG’s revolutionary system of strategically located warehouse and distribution centers allows them to offer Next-Day Delivery anywhere in the nation.
