

International Laser Group (ILG) Announces Q6511A/X Compatible Cartridges Available For Shipment

December 1, 2005

WOODLAND HILLS, Calif. – International Laser Group

International Laser Group (ILG), one of the top-10 industry-leading manufacturers of premium compatible imaging supplies, announced that its compatible Q6511A/X cartridges for the HP LaserJet 2420 Series and 2430 Series printers are in-stock and available for shipment. "ILG's Inventory Control Department has taken every step to ensure these hard-to-stock products are consistently available for our customers," says Joe Shulman, COO.

The LaserJet 2420 and 2430 series printers are big sellers right now, and their cartridges are in high-demand. "We get requests every day for these cartridges," continues Mr. Shulman. "We are proud to have them available. As always, ILG backs them with our rock-solid quality guarantee."

Since 1989, ILG has been delivering reliable, leak-free cartridges that provide high margins to the reseller and significant savings for the end-user. The company produces over 1 million cartridges annually with an efficiency rating of 98.2%. ILG's system of strategically located warehouse and distribution centers throughout the United States, allow them to offer Next-Day Delivery anywhere in the nation.
