

## **International Laser Group (ILG) Releases IBM InfoPrint 1532 / 1552 / 1572 Cartridge**

*May 2006*

*Woodland Hills, CA* - International Laser Group (ILG), one of the leading contract manufacturers of compatible laser, inkjet and fax replacement cartridges, is pleased to announce the release of their compatible laser toner cartridge for the IBM InfoPrint 1532, 1552 and 1572 series of printers.

With the addition of this new product, the veteran manufacturer now offers toner cartridges for more than 40 IBM laser printers, including the InfoPrint 1145, 1410, 1412, 1222, 1312, 1332, 1352, 1372, 1120, 1125, 1130, 1140, 20, 21, and now the InfoPrint 1532, 1552 and 1572 series.

ILG prides itself on offering premium-quality compatibles for machines from a number of manufacturers. "We never wanted to be known exclusively as a manufacturer of HP-compatible supplies," explains Gary Michaels, CEO. "From very early on, we made it a priority to maintain a robust product offering for our customers. Today, we offer compatibles for many OEM's, including Lexmark, IBM, Xerox, Brother, Canon, Sharp, Dell ... the list just keeps growing."

ILG's InfoPrint 1532 cartridge provides more than 21,000 pages of print, and features a long-life drum and ISO 9002 certified graphics-grade toner. As with all ILG products, the new IBM-compatible cartridge undergoes rigorous testing against stringent QC specifications. Every ILG cartridge is required to pass multiple quality control tests, and is backed with a 100% Quality and Satisfaction Guarantee.

Founded in 1989, ILG established itself as an industry leader in computer products, and has grown to a multi-million dollar manufacturer of imaging supplies. Based in Woodland Hills, California, the company's world-class manufacturing facility boasts a combined production and warehouse capacity of more than 80,000 square feet, and produces more than 60,000 cartridges per month with a defect rate of less than 1%. Private-labeling is offered free-of-charge, and custom packaging is available upon request.
