

International Laser Group (ILG) Announces Lexmark T430 Cartridge

July 2006

Woodland Hills, CA - International Laser Group (ILG), the veteran manufacturer of aftermarket printer supplies, announced the release of their 12A8325-compatible non-prebate, high-yield cartridge for Lexmark T430 Series printers.

ILG's new T430 cartridge provides over 12,000 pages of print at a 5% page-coverage. The company has hand-picked the highest quality materials, including an exceptional long-life drum, super-strength seals and ISO 9002 certified toner. The cartridge is offered in ILG's beautiful high-end boxes which feature professional graphics, crisp images and 5-Color printing.

ILG prides itself in delivering reliable cartridges that provide high margins for the reseller and significant savings to the end-user. "This product is absolutely guaranteed not to leak," says Gary Michaels, President and CEO. "Our Lexmark-compatible cartridges are submitted to an average of 260 different inspection points. Each component is meticulously analyzed and tested to ensure the best performance. Additionally, we pull finished goods off the shelves at random for Simulation Testing."

ILG's corporate philosophy of offering superior products and customer satisfaction at exceptional pricing has made the company one of the world's top private-label, contract manufacturers and distributors of compatible printer and fax cartridges. Armed with the industry's most advanced manufacturing equipment, and a rigorously trained technical staff that is STMC certified, ILG has earned a reputation for quality and innovation. With distribution centers strategically located throughout the United States, the company is able to offer rapid, cost-effective delivery anywhere in the nation. Private-labeling is offered free-of-charge, and custom packaging is available upon request.
