

## **International Laser Group (ILG) Releases Dell 5210n / 5310n Cartridge**

*September 2006*

*Woodland Hills, CA* - International Laser Group (ILG), one of America's oldest continuously family-owned manufacturers of compatible imaging supplies, announced the release of its UG219-compatible cartridge for Dell's newly introduced Workgroup Laser Printer 5210n and 5310 printers. This cartridge is currently in stock and available for same-day shipment.

"Dell has become a major-player in the printer industry," states Joe Shulman, Vice President. "We are proud to have mastered the chip so quickly. ILG has made it a priority to come to market as quickly as possible with Dell compatibles."

ILG's 5210n cartridge provides a print-yield of over 21,000 pages, and features a long-life drum and ISO 9002 certified graphics-grade toner. As with all ILG manufactured products, it undergoes rigorous testing against stringent QA specifications. Cartridges are submitted to an average of 260 different inspection points. Each component is meticulously analyzed and tested, ensuring that every ILG cartridge meets or exceeds OEM performance standards.

Founded by the Michaels family in 1989, ILG's world-class manufacturing facility boasts a combined production and warehouse capacity of more than 80,000 square feet, and produces more than 60,000 cartridges per month with a defect rate of less than 1%. Today, the company has become one of the world's top private-label, contract manufacturers of compatible Laser Toner Cartridges, MICR Toner Cartridges, Inkjet Cartridges and Thermal Transfer products.

Contact ILG at (800) 937-2880 ext. 3207 or ext. 3210, or visit [www.ilglaser.com](http://www.ilglaser.com).
