

International Laser Group (ILG) Welcomes Cuong Hoang as Director of Quality Assurance & R&D

October 2006

Woodland Hills, CA - International Laser Group (ILG), America's oldest and only Top-10 woman-owned manufacturer of premium compatible imaging products, welcomes Cuong Hoang as Director of Quality Assurance and Research & Development.

Mr. Hoang brings over 24 years of industry experience to the ILG team. He began his engineering career as a chemical researcher for the Vietnamese government. After relocating to the United States, he spent four years working as a Quality Engineer for Frye Copy Systems, before moving to GRC where

he built a name for himself in the aftermarket compatible supplies manufacturing industry. Today Mr. Hoang is widely recognized as an expert in superior cartridge quality systems.

"We feel fortunate to welcome Cuong to our team," states Gary Michaels, Co-founder and COO. "His vast experience in product development and cartridge engineering, combined with his unbending commitment to quality, innovation and excellence, make him a perfect fit for ILG's corporate culture."

In his new role at ILG, Mr. Hoang will head the company's engineering and product development teams to ensure that ILG continues to set the industry standard for quality and innovation.
