

International Laser Group (ILG) Announces Phaser 3150 Compatible Cartridge

January 01, 2007

WOODLAND HILLS, Calif. – International Laser Group

International Laser Group (ILG), one of America's oldest continuously family-owned contract manufacturers of premium compatible imaging supplies, announced that its compatible toner cartridge for the Xerox Phaser 3150 printer is in-stock and available for shipment.

With the addition of this new product, the veteran manufacturer now offers imaging supplies for more than 90 Xerox color and monochrome printers, including the Phaser 3121, 3130, 6250, 6200, 8200, 8400, and the WorkCentre PE16.

ILG's Phaser 3150 cartridge is compatible to the Xerox 109R00746 and 109R00747 cartridges and prints a minimum of 5,000 pages, which exactly equals the specifications for the OEM's high-yield cartridge.

The Phaser 3150 release is an example of the company's ever-increasing emphasis on R&D and product development. "We have ramped up our R&D efforts across product lines. In the past 6 months we have introduced more products than we have in any other 6-month period in our 20 year history," notes Gary Michaels, President & CEO. "Just to give you an example, since August, 2006, we have released cartridges for the Xerox Phaser 3150 and 4500, Dell Laser Printer 5210n, HP Color LaserJet 2600n, 3500, 3600, 3700, 3800, 4700, 4730mfp, Lexmark E230 and T644, as well as toner for the Brother HL-2030 and drums for the Brother HL-1650 and HL-5130, and many more are in the pipe-line!"

ILG's corporate philosophy of offering superior products and customer satisfaction at exceptional pricing has made the company one of the world's top private-label, contract manufacturers and distributors of compatible printer and fax cartridges. With warehouse and distribution centers strategically located throughout the United States, they are able to offer Next-Day Delivery anywhere in the nation.
