

International Laser Group (ILG) Announces Lexmark X642e High-Yield & Extra High-Yield Cartridges

March 2007

Woodland Hills, CA - International Laser Group (ILG), America's oldest and only Top-10 woman-owned manufacturer of premium compatible laser, inkjet and fax replacement cartridges, is pleased to announce the release of their high-yield and extra high-yield compatible laser toner cartridges for the Lexmark X642e, X644 Series and X646 Series printers.

ILG's X642e cartridges feature ISO 9002 certified graphics-grade toner and are meticulously analyzed and tested to ensure the best performance. Each cartridge is backed with a 100% Quality and Satisfaction Guarantee. The high-yield cartridge provides a minimum yield of 21,000 pages of print, which exactly equals the OEM's specifications for the X644H21A, X644H01A and X644H11A cartridges. The extra high-yield cartridge provides a minimum yield of 32,000 pages of print, which exactly equals the OEM's specifications for the X644X21A, X644X01A and X644X11A cartridges.

"Our clients can capture some very attractive margin opportunities with our X642e cartridges," states Gary Michaels, Founder and COO. "The Manufacturer's Suggested Retail Prices (MSRP) for the OEM cartridges are well over \$300. If an end-user purchases four cartridges per year, that's an annual cost of over \$1200. ILG cartridges provide significant savings for the end-user and high margins to the reseller."

Founded in 1988 by Cindy and Gary Michaels, ILG's corporate philosophy of offering superior products and customer satisfaction at exceptional pricing has made the company one of the world's top private-label, contract manufacturers and distributors of compatible imaging supplies. Armed with the industry's most advanced manufacturing equipment, and a rigorously trained technical staff that is STMC certified, ILG has earned a reputation for quality and innovation. With distribution centers strategically located throughout the United States, the company is able to offer rapid, cost-effective delivery anywhere in the nation. Private-labeling is offered free-of-charge, and custom packaging is available upon request.
