

## ILG (International Laser Group) Releases Dell 1815dn Compatible Cartridges

*September 2007*

Woodland Hills, CA – ILG (International Laser Group), one of America's oldest continuously family-owned manufacturers and distributors of premium-quality compatible toner cartridges, announced the release of their high-yield and standard yield cartridges for the Dell 1815dn printer.

"The Dell 1815dn is becoming very popular," explains Joe Shulman, Vice President. "We are proud to have mastered the chip so quickly. Requests from our dealers are coming more and more frequently."

ILG's compatible 310-7943 (standard yield) cartridge prints 3,000 pages, while their compatible 310-7945 (high yield) cartridge prints 5,000 pages, exactly equaling Dell specifications. Every ILG cartridge undergoes rigorous testing against stringent QC specifications, and is backed with a 100% Quality and Satisfaction Guarantee.

Founded in 1988 by Cindy and Gary Michaels, ILG's corporate philosophy of offering superior products and customer satisfaction at exceptional pricing has made the company one of the world's top private-label, contract manufacturers and distributors of compatible imaging supplies. Armed with the industry's most advanced manufacturing equipment, and a rigorously trained technical staff that is STMC certified, ILG has earned a reputation for quality and innovation. With distribution centers strategically located in every major geographic region of the United States, the company is able to offer rapid, cost-effective delivery anywhere in the nation.
