ILG (International Laser Group), ADDS LEXMARK COMPATIBLE TONER X340H11G, FOR USE IN LEXMARK X340/X342 MFP PRINTER SERIES TO ITS LINE OF PRODUCTS.

WOODLAND HILLS, Calif. — ILG (International Laser Group), one of the industry's leading manufacturers of quality imaging supplies has added Lexmark compatible X340H11G for use in Lexmark Series X340, and X342 MFP printer series. The X340H11G offers a high yield of 6,000 pages matching OEM in yields

ILG is proud to be the first to market popular Lexmark compatibles. Our line of Lexmark compatible includes: Compatibles Lexmark Optra, T420 HY Series, T640, T630, T430, E330, E340, E350, and E450 series.

Our customers can rely on ILG's specially formulated toners, and our quality color matching systems. Our engineers have worked hard to develop a premium quality product and 100% post testing programs; such as leak proof system, density check system to ensure that our products are equivalent to OEM in quality and in performance.

Our printer cartridges are 100% guaranteed with a 2 year warranty. Each toner cartridge is meticulously tested for print quality, consistency, and in performance. ILG's quality difference starts from our use of OEM virgin empties, quality toners, post production testing to the packaging system. ILG utilizes zero gravity packaging systems, which seals and holds our quality toners in place during the distribution process.

Our customers are able to receive our products next day through our four strategically located distribution centers in: California, Texas, Illinois, or Pennsylvania. We are here to assist our client through product search, fulfillment to the best distribution solutions.

ILG offers a comprehensive selection of high-quality compatible cartridges including toner, MICR toner, thermal transfer products and inkjets. ILG manufactures more than 350 SKUs and is one of the world's top private-label, contract manufacturers and distributors of compatible imaging supplies.
